

More than just cables

American Company – Global Reach

Power Cabling is a division of Electri-Cord Manufacturing and is headquartered in Westfield, PA. Being a part of the Electri-Cord family allows Power Cabling the luxury of multiple shift production with the ability to draw from a pool of hundreds of skilled technicians, unprecedented in the computer support industry. Whether it's one cable or one thousand, every order receives immediate attention and most can ship within 24 hours.

Electri-Cord Manufacturing is the largest cord producer in the United States and has been serving an international market since 1946. Their global presence offers unmatched quality and service – worldwide.
